      Gas Leakage Monitoring and Altering System
</h1>
<div class="container">
<p style="font-size: 20px;text-align: justify;padding-top:
100px;padding-left: 55px;">
      Gas Leakage Monitoring and Altering System detects the gas
leakage.When a gas leakage is noticed,sensors in the system are used to
notice the gas leakage and immediately TURNS ON the buzzer and
blinks LED for the danger indication.Buzzer is a clear indication of gas
leakage.The alerting message is send to the user after detecting the
hazardous gas.
